Career Objective

Electronics and Communication Engineering student with strong technical aptitude and a keen interest in IT applications and systems. Seeking an apprentice opportunity to contribute to application support, documentation, and technical troubleshooting while gaining real-world experience in a collaborative, growth-driven environment.

Aspiring Application Security Analyst with professional training in Cybersecurity, Application Security, SAP, Oracle Fusion. Passionate about vulnerability assessment, secure software practices, security testing, and enterprise security solutions.

Internship

- Cybersecurity, 42 Learn (JSRPF Technologies Pvt. Ltd.)**
- Participated in a simulated environment to identify the security vulnerabilities.
 - Developed scripts to automate daily security checks, reducing manual effort by 30%.
- Java Full Stack, Code Tantra**
- Built responsive front-end modules that improved load times by 20% in mock applications.
 - Collaborated on a team project with 100% on-time completion and successful code integration.

Academic Credentials

B. TECH-ELECTRONICS AND COMMUNICATION ENGINEERING, <i>Pace Institute of Technology and Sciences</i> CGPA: 7.6 Passing year: 2026	2026 – 2026
INTERMEDIATE-MATHS, PHYSICS, CHEMISTRY, PNCA Junior College Percentage: 54% Passing year: 2022	2022 – 2022
SECONDARY SCHOOLING, Z.P High School Percentage: 93% Passing year: 2020	2019 – 2020

Technical Skills

Programming Languages SAP, Oracle Fusion, Python, SQL, Java (Object-Oriented Programming)	Databases MySQL (DBMS)
Web Technologies HTML, CSS	Core Concepts Operating Systems, Network Security

Hobbies

- Cricket
- Photography
- Listening to music

Achievements

The Joy of Computing Using Python, NPTEL

Cloud Computing, NPTEL

Trained as Application Security Analyst in SKill India Development

Project

Complete Application Testing on a Branch Loan App, Technologies: Python, SQL, Burp Suite

- Identified and fixed vulnerabilities in a web application
- Secured over 95% of user financial data using advanced encryption techniques
- Implemented multi-factor authentication and biometric verification, reducing unauthorized access attempts by over 80%

Oracle Fusion HCM Security and Auditing System, Project Trainee

- Configured user roles and access controls in Oracle Fusion HCM using RBAC principles.
- Monitored employee data modifications through audit reports and maintained audit trails.
- Ensured data security, compliance, and accountability across HR operations.

Certifications

- | | | |
|---|---|--|
| • Certified in Cybersecurity Fundamentals | • Python Fundamentals - Infosys Springboard | • Java Programming - Spoken Tutorial by IIT Bombay |
| • NASSCOM - Application Security Analyst | | |

Strengths

Positive attitude

Good communication

Quick learner

Personal Traits

Adaptability

Leadership skills

Time management
